Since 1990 Haven Horse Ranch has been making a difference in the lives of children.

More than 10,000 children are living proof that the Certified Equine Therapy Techniques developed at Haven Horse Ranch are life changing. When you've been a part of helping a handicapped child take their first steps, or an autistic child speak their first words... when you have watched tears running down the face of a grateful parent who watches their 5 year old child sit up for the first time... you understand the importance of the work this ranch does every single day. The at-risk youth program has seen troubled kids turn their lives around, begin to take pride in themselves, learn responsibility and go on to become productive members of society, instead of just another number in cell block 3.

We experience miracles every day at the ranch. But, we can't do it alone. We rely on fundraising to provide for these important therapy programs. Every race registration received goes to help provide one session of therapy for one child in need. Spread the word! Tell your friends & family, neighbors and coworkers. Together, we can continue to work miracles. Together, we can offer a chance at a new walk of life. Together, we can help blaze a new and brighter path for those in need in our community.

Together, we *will* conquer the trails!"
Every dollar you give helps change a child's life.
